

YUWAAH - REPORT

The Young Warrior movement is a beautiful initiative spearheaded by the CBSE in collaboration with the UNICEF and the YuWaah. The objective of this programme is to primarily engage the students in informative Art – based sessions to make them aware of right protocols and information on Covid Appropriate Behaviour, to dispel vaccine hesitancy and strengthen mental health, among others. Through expressive activities of poetry, theatre, and other art forms, students are expected to inspire positive change and action in their communities.

Students of Spring days, from classes 6 to 9 actively participated in this programme. The following will help to explicitly throw light on the dexterity and enthusiasm with which the students participated.

22.07.21 – VACCINATION BUDDY – ACROSTIC POEMS

NABEHA IASMEEN IJSHAD
Class II
Springdays CBSE School

Quietly faded those joyful days,
Unable to feel the sun's rays,
And best friends I wouldn't be meeting,
Rumbling of any engine 'was' exciting!
Anticipating for these days to reach its peak,
Neovous and bored, I rested my hands on my cheek,
Throat and nasal swab were collected by a friend,
Inner-self had a fear,
Negative results would bring happiness.
Everything about second wave is so dangerous.
Do include me in your precious prayers.

Anadhana Krishna
Class II
Springdays CBSE School

Lockdown, oh what have you done?
Outside has become a forgotten dream.
Noone steps a foot out of home
Elaborly, young, everyone is alone.
Life has reached the lowest of the lows
Year after year, time passes too slow

Rishi Patel
Class II
Springdays CBSE School

I burst into the middle of a problem
Endangering the lives of 7 billion
Anger, confusion, hatred, hesitation
Momentary is this intervention
We have to keep moving forward
Opportunities will emerge from deduction
Reaching normal will not be easy
Know that lockdown is the only solution

J. DIVYA SARATHI
Class II
Springdays CBSE School

However dull and hopeless these times may seem,
Outside school and work from home may have turned me into a very nervous
Precution hangs heavy in the air, but you must still hope.
Ever hope always hope only hope.

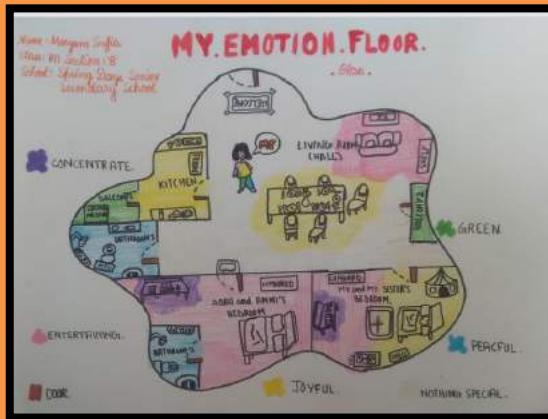

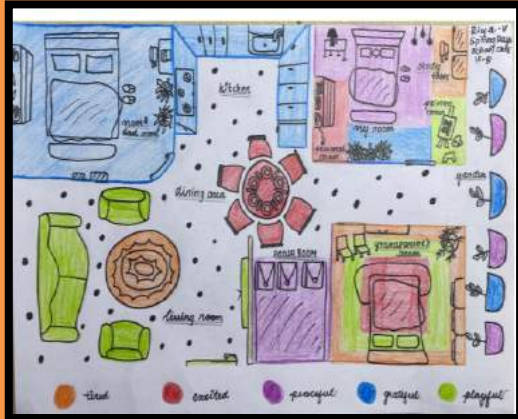

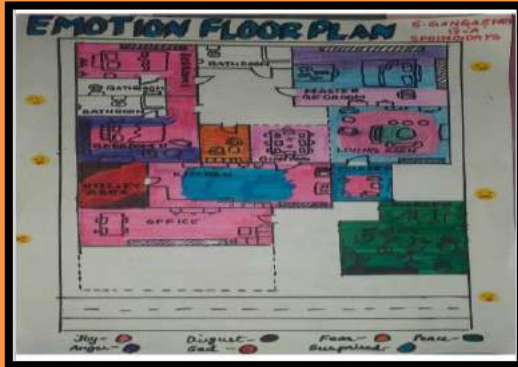

SOUMI SH
Class II
Springdays CBSE School

STAY CALM

Pandemic!! It is a turbulent time
Overcoming yourself into this gloomy world can be hard, but
Staying calm in these times is key, do
I believe in hope and positivity
These times teach us new lessons to
Interact with safety, humility, and gratitude into our homes and stay
Vaccinated, register and safe throughout our need
Integrate the need to practice washing, social distancing, and avoid overcrowding into the common man's life
These bring rays of hope and positivity in our souls and across the world
Your generosity is needed to withlodge darkness from the darkness

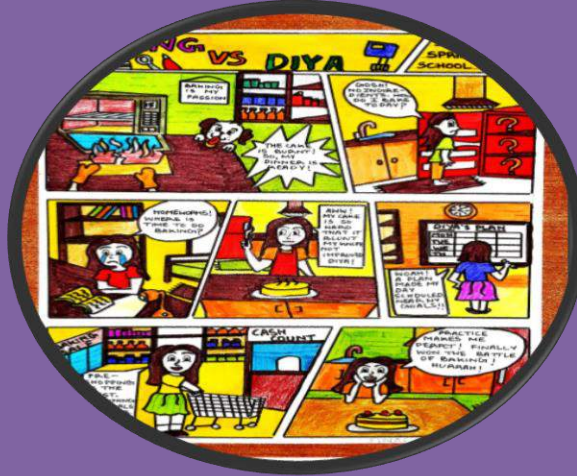

29.07.21 – STRESS BUSTER – EMOTIONAL FLOOR CHARTS

05.08.21 – FAKE NEWS – THROUGH VIDEOS

Students presented informative videos on the trending fake news on Covid thereby helping the community understand how to churn out the authentic from the unauthentic. Anchoring as news readers, the students elaborately dealt with the topic in hand.

12.08.21 – COVID RECOVERY TALE – COMIC STRIPS

19.08.21 – SUPER YOUNG WARRIORS – LOGOS / MASCOTS
